Islip, NY – The Islip Town Board recently honored citizens for their roles in beautifying downtown Islip. Last fall, the concerned group reached out to Keep Islip Clean, the Islip Chamber of Commerce, and the Islip High School Football Team in order to clean up Main Street.

The project was organized by Danielle Orenzo (pictured center), who took it upon herself to bring all the groups together. They cleaned up the sidewalks and flowerbeds, planted new flowers, and installed fresh mulch.
